Thinking Out Loud

Well, the primary election is over. In California decency and honest administration of state business is on the way in, and the Jock-the-monkey imitation of the New Deal is on the way out. Olson doesn't believe it yet, says there is little significance in the primary election. But that's the blusterer whistling as he passes the graveyard. He will not be beaten in November because he is a Democrat. He will be beaten because he has less interest at heart in California's welfare than any governor in California history, including those under the Mexican regime.

We note throughout the country that most of the isolationists and obstructionists in Congress have either won outright at the primary or are strong contenders in the November finals. We can attribute this largely to the disfavor in which the New Deal is held in their particular districts, war or no war. It looks as if even the lunatic Ham Fish would be returned to Congress. Why? Well this is just a guess, but it would appear that a majority in his district wished to rebuke the President who lives across the Hudson from the congressman. What other construction can be placed on this action? It leaves patriotic Americans throughout the country feeling a little queasy.

The return of obstructionist congressmen, Republican and Democratic, to congress, is in the nature of political reprisal. As such it threatens not only to prolong the war, but also, worse, it threatens a permanent peace following war's end. It is building up an isolationist bloc in congress, which, as it did in President Wilson's administration, can turn the victory of the United Nations into Dead Sea apples. This isolationist bloc has already cost this country billions in cash and the priceless lives of thousands of our young men. Why were not the Philippines properly manned and fortified? Our isolationists were afraid of irritating Japan.

We can hope that in the next two years the men who have opposed isolationism in the primary election contests will use as much of their time as possible to preach the gospel of this country's responsibility in world peace. We hope that the candidates defeated in this election will carry on the fight for the next two years. We sincerely believe that many of them using this campaign as a foundation, can in 1944 win against these money changers, pension grabbers, log rollers, petty politicians, who now profane this Republic's Temple of Liberty.

Let those who have espoused lost causes take heart. It

Mining--
Gold Mines Suffer Drop In Payroll

Nevada County's gold mining industry now employs approximately 1,178 men with a monthly payroll of $176,700.

The gold mines have been struggling along with short crews due to the call to colors of many employees and the departure of many more for employment in defense industries.

The estimated total of men employed by the Empire Star Mines, Ltd., has been placed at 450 and the Idaho-Maryland Mines Corporation has approximatel 350 men at work at the Idaho-Maryland and New Brunswick Mines.

The Lava Cap Mining Corporation, at its Central and Banner Mines, continues to maintain a hold on a near full crew of men because of a recent boost in wages and the fact the Lava Cap has been defined as a defense industry and the employees feel they are doing something for the war effort.

One reason for a loss of employment in the county during the past month was the suspension of operations at the Innis Dredge at Columbia Hill and the halt of hydraulic mining for the season.

Approximately 30 men are employed at the Spanish Mine near Washington where 100 tons of baryte are mined each day. The baryte is trucked to Stockton.

The August survey of the mining industry in the county reveals the following figures:

MURCHIE MINE MACHINERY AT GREY EAGLE

The rehabilitation of the Grey Eagle copper mine near Happy Camp has been practically completed by the Newmont Mining Corporation.

The construction o a large concentrating plant is progressing. Capacity production is expected to start early in 1943.

Old workings are said to contain a vast tonnage of ore averaging four per cent copper and containing some gold. The development of new ground is reported to be increasing the reserves of commercial ore.

Powerful mine machinery has been povided, including some units formerly operated at the Murchie Mine in Nevada City. The majority of men employed at the Grey Eagle fomerly worked in the mines of this district.

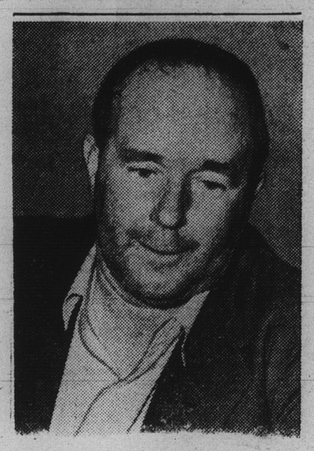
WILL FACE JURY



The federal grand jury is to meet in Sacramento to consider the case of Carl Trevethick of Nevada City, who is held in jail in Sacramento on illegal gold charges. Trevethick is shown above. —Photo courtesy Sacramento Bee.

OFFICERS NAB TWO HERE ON GOLD CHARGES

The treasury department's secret service expressed belief that with the apprehension of a man and a woman at Nevada City Tuesday night it had put a stop to one of the most extensive gold "highgrading" operations in recent years.

Under arrest are Mrs. Elva Brockob, 44, and George Trevethick. Last week, Carl Trevethick, 51, also of Nevada City, was taken into custody.

The charges against Mrs. Brockob and George Trevethick are filing false treasury affidavits.

Captain Thomas B. Foster, chief of the secret service reported that probably as much as $300,000 in gold had been stolen from mines in Nevada County the past three years and a good part o it disposed of directly to the San Francisco mint.

Walter C. Fisk, secret agent who arrested Mrs. Brockob and the Trevethicks, said the federal grand jury will consider the cases of the Trevethicks and Mrs. Brockob next Monday.

Four Of Six Contested County Races Decided At Tuesday's Primary

Four of the six contested county office races were decided by the voters at Tuesday's primary election.

Probably the most surprising aspect of the election was Miss Elma Hecker's victory in the primary over three opponents in the race for county treasurer and tax collector.

Miss Hecker received a majority of the votes cast. Her vote was 2,831. James Henwood polled 1,086, Joseph Henwood 878 and Joseph Martin 473.

Ward Sheldon, Nevada City attorney, defeated Vernon Stoll, incumbent, in the race for district attorney. Sreldon received 3,067 votes compared to Stall's 1,998.

Theodore Kohler, Jr., in his first political venture, defeated Mrs. Lila Champion for the office of public administrator. The vote was Kohler 2,709, Mrs. Champion 1,969.

Coroner A. M. Holmes was defeated by Alvah Hooper, Grass Valley mortician. Hooper polled 2,888 votes and Holmes 2,154.

Phil Scadden led a field of three in the race for assessor. Scadden's vote was 2,479, Eben K. Smart 1,905 and Jack Fontz 739. Scadden lacked more than 100 of winning at the primary election.

Sheriff Caarl J. Tobiassen will face Richard Hoskins in the general election. Tobiassen received 2,512 votes; Hoskins 2,022 and Fred Williford, the third candidate, 660.

Assemblyman Allen G. Thurman unopposed, received a large complimentary vote in Nevada County.

The votes for the unopposed candidates have not yet been tabulated but indications pointed to a large complimentary vote for County Clerk R. N. McCormack, Superintendent of Schools Walter Carlson, Recorder John Nettell, Justice of the Peace George Gildersleeve and Constable James Williams.

In Grass Valley Bert Paynter was elected constable over Ray Gardner. The vote was 1,145 for Paynter and 895 for Gardner.

The approximately 700 absent voters ballots will be counted on September 1st by the board of supervisors when they meet to canvass the vote.

The voters of Nevada City registered their choice as follows in Tuesday's primary election:

Caught in the Riffles

Nevada County was in the process of "cleaning up" today so that the Army would not declare the county "out of bounds" when the soldiers are stationed at Camp Beale.

Army authorities, state board of equalization officers met with the law officers and liquor dealers of Nevada County in Grass Valley yesterday afternoon and the Army officers set down rules and regulations regarding vice, gambling and the sale of liquor to men in uniform.

County officials and liquor dealers pledged their whole hearted cooperation in the program as outlined by the Army and the deadline for the banishing of slot and pin ball machines was set at noon today.

Prostitution already had been banned by Army orders in Nevada City and Grass Valley and the officers emphasized that such businesses must remain closed if the two communities desire to stay in the "good graces" of the Army.

Curran Heath, a strong Democrat, received two votes for membership on the Republican Central Committee at Tuesday's election!

A good project for the city crew would be to eliminate the patch of poison oak along the retaining wall on Pine Street just the other side of Gault Bridge. At least one local resident has been given a touch of poison from the oak patch.

And there are residents of the community who resent the act of the parties who stole squabs from parent pigeons nesting beneath the Gault Bridge.

"Remind the postoffice that the two PO doors need oiling," was a request made to us yesterday.

CROSSCUT NEAR COMPLETION AT ANCHO ERIE

The driving of the long crosscut at the Ancho-Erie Mine near Graniteville to contact the famous Anchoe Erie vein, which produced millions of dollars in the early history of the Graniteville gold mining district, is now within 200 feet of the supposed objective.

The crosscut has been driven 2032 feet. Fred Anderson has a crew of eight men employed at the mine.

Bus Helbach of Grass Valley, past president of the Anchoe Erie mining company and a director of the mining concern, said a development program will be inaugurated following the contacting of the vein.

RED MEN TO PICNIC SUNDAY

The Wyoming Tribe of Redmen of Nevada City and the Weimar Tribe of Grass Valley will hold a joint picnic at the P. G. and E. picnic grounds in Bear Valley Sunday.

A feature of the picnic events will be a baseball game between the Redmen and the American Legion team of Grass Valley.

A stew will be served at 2 o'clock in the afternoon.

Richard Trathen, Bratt Banta, William Myers and Clarence Walker are completing arrangements for the picnic.

Miss Mobley Honored—

Miss Elaine Mobley, Dean of Women at Placer Junior College has been initiated into Omega Chapter of Pi Lambda Theta, national women' educational honor society. The recommendation came to Miss Mobley while she was attending summer session at the University of California in Berkeley during July and August of this yeaar.

Do Your Part In Scrap Rally Sat.

Nevada City has contributed considerable junk needed for the war but the War Production Board issues an appeal for more.

Therefore Saturday has been designated in Nevada City as Junk Rally Day.

Every resident of the community is urged to cooperate in Junk Rally Day and to contribute every possible scrap iron and steel article, other metal articles, rubber, rags, manila rope and burlap bags for the war effort.

The articles can be taken to the junk depot on Clay Street or by calling The Nevada City Nugget, 36, you can secure a call from E. L. Holbrooke, who will weigh your junk at your home and pay you right there.

Junk Rally Day has the whole hearted support of the Nevada City Defense Council and George Gildersleeve. chairman of the salvage committee.

"Bomb 'Em With Junk" is the slogan of Junk Rally Day. Your contributions will be used to make tanks, ships, planes and the fighting weapons our boys must have.

Fifty per cent of every tank, ship and gun is made of scrap iron and steel.

Old rope, rags, burlap and rubber is needed for making bombs, fuses, binoculars, planes, tires for jeeps, gas masks, barrage ballonc, wiping rags for guns, parachute flares, insulation for electric wiring.

Waste paper and tin cans are not wanted. Also not needed at this time are razor blades and glass.

Our country in this war needs the cooperation of every community in the nation. Look thoroughly in your kitchen, your basement, your garage or your attic for articles which can be useful in the war effort.

Call 36 and leave your name for Holbrooke to come with a truck for your articles or bring them personally to the junk depot on Saturday, where cash will be paid immediately for your metals or other scrap materials.

If the metal is segregated, the junk dealer will pay the following prices: copper 6c pound; aluminum 5c pound; radiator metal 3c pound; zinc 2c pound; lead batteries 60c each; scrap iron $7.00 ton (buy 100 pound

Allen Nye has just accepted a position with the telephone company in Nevada stae. He ha been employed by the same company in the middle states and will now be near his parents.

Mrs. Charles Wyant who operated the Shamrock Cafe here, left Sunday for the bay distrct. Her daughter, Miss Margaret Wyant, motored to this city for her. Mr. Wyant and daughter are employed in the bay area. The Wyants have leased their home on Boulder Street and expect to return here after the war is over, which will be good news to their many friends.

Robert James who is emploed at FoCllan Field and Miss Betty Bettles employed in the Sacramento area in war work spent the past week end in Nevada City with relatives and friends. James is the son of Mrs. Nance James and Miss Bettles is the sister of Mrs. Robert Tamblyn. Miss Madeline Bettles of Southern California also spent the past week end in this city.

THINKING OUT LOUD

(Continued from Page One)

takes a long time to change in a democracy the direction of 130 million people on the march. Lost causes in time have often been victorious. John Brown's was a lost cause. Billy Mitchell's was a lost cause. Many thought that Dr. Townsend's was a lost cause, but it wasn't. President Wilson went down to defeat and death in a lost cause, but history may yet prove that he set free forces throughout the world that will one day establish a community of nations on this small, shrunken planet, in which the United States will assume its due share of responsibility.

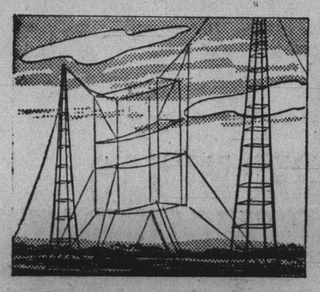
Towers of Truth

Chinese, Finnish, Tagalog, Dutch, Spanish—programs in more than a dozen tongues go out from the towers of General Electric stations WGEA and WGEO, Schenectady, and KGEI, San Francisco.



1. They provide authentic war information for news-starved peoples around the globe, entertainment for U.S. forces abroad. These G-E shortwave stations . . .

2. . . . have special antennas "pointed" at Australia, South America, China, Europe—making reception there almost as strong as from local stations.

3. They provided the only U.S. programs that reached Bataan. People in conquered lands risk their lives to listen. Smuggled letters say they bring hope of release.

4. Some announcers are regular G-E production employees, working on war work. They tell people in their native lands that America is determined on victory.

General Electric believes that its first duty as a good citizen is to be a good soldier.

NOTICE

Nevada City, California, July 9, 1942

TO CHRIS N. LAUSTEN, his heirs and to all whom it may concern:

NOTICE IS HEREBY GIVEN: That the undersigned for over five years made and performed $100 worth of labor and improvements upon and for the benefit, development and improvement of the Golden Edna Placer Mining Claim. The location of this property is described in the office of the Recorder of the County of Nevada, State of California, in said County's records of Placer Claims in Volume 30 at page 266 thereof.

That said labor and improvements consisted of continuation of the tunnel 18 feet through solid rock; 100 feet open cut work and cleaning out old tunnel, during the years 1930-31-37-38-39-40, for the purpose of developing the said claims or group.

You are hereby further notified that if within ninety days after this notice by publication you or any other interested parties fail to contribute, your interest in said claim will be forfeited to become the property of the subscriber, your co-worker, under Section 2324 of the revised statutes of the United States and the amendments thereto. Signed,

ED. M. MARTINE,
EDNA A. MARTINE.

lots); clean cast iron $9.00 ton (buy 100 pound lots).

The dealer does not want and will not buy tin cans no matter how clean or flattened; automobile car bodies or hot water tanks other than copper.

However there is a great need for the old fashioned cast iron wood stove, regarded as real nuggets in the scrap iron drive.

Englebright Reelected To Congress

OXFORD MINE WILL BE OPERATED FOR ESSENTIAL CHROME

An option with purchase agreement has been taken by C. L. Best on the Oxford Chrome Mine at Downieville and preparations are being made to place the property on a production basis at the earliest possible date.

Best, chairman of the board of Best Tractor Company, is the owner and operator of the Ruby Gold Mine and L. L. Huelsdonk., who has served as manager of Ruby operations, will be in charge of he Oxford project. It will be necessary to extend a road from the top of the present tram another mile and one half to the chrome deposit and make some alterations in the mill to change it over from handling gold to cencentrating the chrome at the rate of 100 tons daily. A crew of 25 to 30 men will be employed.

Mr. and Ms. Charles Jeffrey of Sacramento spent the past week end with Jeffrey's parents, Mr. and Mrs. William Jeffrey near Town Talk.

Boy Scout Enthusiasts Open Drive For Funds

With an energetic committee contacts are now being made to Sustaining Membership holders to complete as quickly as possible the Nevada City District participation in the 1942-43 Tahoe Area Scout Council budget. This appeal has lapsed since February due to re-organization changes in the council, but Messrs. H. Kjorlie, Guerdon Ellis, William Home, M. A. Morrison and Dr. Bernard Hummelt are making contacts and collecting the funds.

It was emphasized that any citizen or parent of scout, who is desirous of making a donation to assist in the financial program of the council and help "clean up" Nevada City's share of $500 should contact one of the aforementioned men, or the Bank of America where the donation will be received, according to Manager H. A. Curnow.

Scouting is needed today more than ever, not only as an active factor and movement in the present war effort, but as a program for youth who are at home while their older brothers, many of whom are former scouts fight in the armed forces of the nation. Locally, the Nevada City district committee, a vital portion of the Tahoe Area Council is headed by Carroll Coughlan, enterprising young community leader and Rotary Club president, with M. A. Morrison, organization and extension chairman, George Chambers, leadership training chairman; T. J. Curry, health and safety chairman; Judge George L. Jones advancement chairman, and National Council representative of the Tahoe Area; Leland Smith, camping and activities and Lloyd Geist district commissioner.

Troop Six under the sponsorship of Hydraulic Parlor of the Native Sons of the Golden West has Albert Bates as scoutmaster and Troop 24 sponsored by the Rotary Club has Charles Parsons as acting scoutmaster. Both units have been and are continuing to do their part in rubber, scrap paper and other collections and "good turns" when the call comes.

TRAINED GREAT DANE DOGS GIVE CIRCUS NOVEL TOUCH

Romeo and Juliet of the world's only troupe of trained Great Danes in Russel Bros.' Circus, shown with Milonga Escalante, aerialist.

Unusual trained animal novelties abound in the star-spangled 1942 program of Russell Bros.' Great 3-Ring Circus, to be on view at Cashin Field, Nevada City, Monda, August 31.

Great Dane dogs, almost as large as the pony that performs with them, are the only canines of their breed ever to be trained to do a circus act.

Of special appeal to children are John White's cute performing Spitz dogs and Maree and Her Pals in a lively pony and dog revue.

White's leaping Greyhounds execute unbelievable high and broad jumps, the star, Black Joe, clearing a standard 12 feet above the ground.

Then there is Barney, the playful, unpredictable 3-year-old movie chimpanzee.

All these supplement such outstanding trained animal features as Jergen M. Christiansen's celebrated Argentine Criollo horses, and Winston's Equestrian Sea Lions which achieve on horseback tricks that other trained seals perform on the ground. Nor should the elephants, under the tutelage of the master trainer, Cheerful Gardner, be overlooked.

The human element of the two-hour performance embodies such headliners as the Seven Skyrocketing Escalantes, the Sensational De Waynes, the Four Acevedos, the Bell-Thazer Troupe, Grace Orton Trio, Aerial Alexandros, Clardonians and many others.

Eddie Woeckener's band provides spirited circus music in the modern manner. Doors to the menagerie and big top open at 1 and 7 p. m. the band starts playing half an hour later, and the big show starts at 2 and 8 p. m.
